

## *From Fields to Fairways*

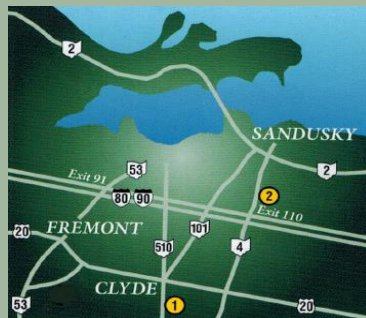

In 1956 Robert S. Crockett and his three sons Bob, Jerry and Tom began transforming their family farm into a golf course. Since then, the Crockett family, along with their friendly staff, has welcomed golfers and set the stage for countless golf stories that are shared to this day.

With different hole layouts throughout both courses, they will help provide you with an ever-changing and memorable experience. At the end of the day we are confident that our facilities will exceed your expectations of a wonderful golfing experience.
